About me

An excellence scholarship awardee and a senior software engineering student at the Mediterranean Institute of Technology. Open to work and looking for a summer internship that would allow me to utilize my education and showcase my skills while gaining valuable work experience in a team-oriented environment.

Education

Mediterranean Institute of Technology (Tunis, Tunisia)   September 2020 - June 2025
Software Engineering Degree
- Top highest CGPA of the cohort (3.86/4)
- Excellence Scholarship
- ABET Accredited program
- Member of the Student Life Department
- Tutor for Physics and Computer Science courses
- Co-founded IEEE SMU Student Branch, and joined different clubs on-campus

Pioneer High School of Sfax (Sfax, Tunisia)   September 2016 - July 2020
Tunisian Baccalaureate in Mathematics
- Baccalaureate obtained with honors *("mention très bien")*

Experience

Research Intern   May 2023 - August 2023
Mediterranean Institute of Technology (Tunis, Tunisia)
- Collaborated in the authoring of a research paper focused on the fields of UX Design and Open-Source development.
- Assisted in conducting an extensive literature review to establish the foundation of the research.
- Collected related data, performed thorough analysis, and drew actionable conclusions for impactful research.

UI/UX Designer   September 2021 - September 2023
Iberis (formerly Birou Suite) (Tunis, Tunisia)
- Worked as a freelance UI/UX designer for Birou Suite, and its clients.
- Designed different social media posts, and prototypes for mobile applications and websites.
- Attended meetings with the clients to gather and understand their requirements.
- Assisted with the UX Design of different websites and mobile applications.

Web Developer Intern   June 2022 - July 2022
BluePen Labs (Tunis, Tunisia)
- Designed and developed a website using React and Bootstrap.
- Connected the website to a MySQL database through REST APIs developed with Express.js running on a Node server.
- Deployed the project and hosted it online.
